Honeywell Honeywell Series Service Manual

2MLI-A21A

1. Description

2MLI-A21A - MasterLogic-200 Input/Output Modules

3. Product Information

2MLI-A21A - MasterLogic-200 Input/Output Modules

Manufacturer : Honeywell

Product No. : 2MLI-A21A

Product Type : MasterLogic-200 Input/Output Modules

Input point : 8 point

Isolation method : Photo coupler isolation

Rated input voltage : AC100-240V(+10/-15%) 50/60 ?(±3 Hz) (distortion rate 5%)

Rated input current : About 17 mA (AC200,60 ?), About 14 mA (AC200, 50 Hz)

Inrush current : Max.500 mA 1 ms below (AC264V)

Input Derating : Yes

On Voltage/Current : AC80V or higher / 5 mA or higher (50 Hz, 60 Hz)

Input point : 16 point

Isolation method : Photo coupler isolation

Rated input voltage : DC24V

Operation voltage range : DC20.4~28.8V (ripple rate < 5%)

Input Derating : None

On Voltage/Current : DC19V or higher / 3 mA or higher

Off Voltage/Current : DC11V or lower / 1.7 mA or lower

Weight : 0.13 Kg
